

CBC NEWS

Congratulations!

De. Selvi Radhakrishna received the woman achiever's award in the field of Medicine for the year 2015. The award function was conducted by Mala Maniyan and was telecast by RAJ TV. Mrs. Suhasini Maniratnam was present along with other dignitaries.

Mr. Anil Srinivasan played songs from yesteryears . Simply amazing !

Awards and accolades remind you about how much more is to be done. Again i am reminded of the sloka in BagavadGita, "You are not the author of the result of the actions". Iswaha prasadam. Choice is in the action alone. one should not get attached to the result of the action.

Empowering women: Empowering humanity : Picture it !!!!

Theme of International women's day 2015

It should not be another day to market like mothers day, fathers day etc!

It should truly create awareness about the need for women to be empowered. Empowered women is empowering humanity !

Let's not wait for others to empower us. Let us do it ourselves. Let us make it happen !!!
