

Breast Imaging Fellowship Program

Chennai Breast Centre, a dedicated breast health facility, invites applications for a 6-month Fellowship in Breast Imaging and Intervention. This Fellowship offers immersive, hands-on training in breast imaging and image-guided procedures.

Gain real-world experience at a busy, specialised imaging unit.

Train on Cutting-Edge Modalities, Including:

- India's first 3D High-Definition Tomosynthesis Mammogram
- High-resolution ultrasound systems
- Contrast enhanced mammogram
- Breast MRI interpretation

Interventional Training, Including:

- Stereotactic-guided/Tomo-guided, core needle biopsies
- Ultrasound-guided core and vacuum-assisted biopsies
- Vacuum-assisted excision procedures
- Pre-operative localisation (marker clip and wire placement)
- Fine-Needle Aspiration Cytology (FNAC)
- CEM Biopsy

Mentorship and Learning

Guidance by Expert Faculty: One-on-one mentorship with a senior radiologist with 15+ years of expertise in breast and oncologic imaging.

Multidisciplinary Exposure: Participate in case discussions and planning with breast radiologists, pathologists, medical and radiation oncologists, and reconstructive surgeons.

Fellowship Overview

Duration: 6 months

Eligibility: Freshly qualified MD/DNB Radiologists seeking structured training in breast imaging and interventions.

Intake: One fellow per batch

Start Dates: January 1st and July 1st

Stipend: Provided

Location: Chennai Breast Centre, Chennai

Certification: Issued by Chennai Breast Centre

Learning Outcomes

- Confident interpretation of mammograms, breast USG and breast MRI
- Proficiency in image-guided breast procedures
- Insight into multidisciplinary breast cancer care
- Active participation in academic research and case discussions
